(the Previous Billing Period)

2. **Balance Computation.** The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Average Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Daily Balance" for each day in the Current Billing Period (exclusive of Same-as-Cash Purchases and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for each day in the Current Billing Period are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional item posted to your Account, together with the date on which the Deferral Period for a Same-as-Cash Purchase will expire.

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day of the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period.

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional Item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional Item. The Purchase Advance Average Daily Balance for the Previous Billing Period (exclusive of Same-as-Cash Purchases and Promotional Items) is calculated by adding together the Purchase Advance Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your unpaid Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases will be included in the Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash (or promotional item) Daily Balance).

3. **Free Ride Period.**

A. **Cash Advances.** A periodic rate finance charge applies to all Cash Advances from the date they are posted to your Account until paid in full.

B. **Same-as-Cash Purchases.** Although a periodic rate finance charge will accrue monthly on a Same-as-Cash Purchase from the date it is first posted to your Account, the accrued periodic rate finance charges will not be charged to your Account if the full amount of the Same-as-Cash Purchase is paid by the end of its Deferral Period. At the end of the Deferral Period, however, if the full amount of the Same-as-Cash Purchase has not been paid, the periodic rate finance charges that accrued on the Same-as-Cash Purchase during the prior Billing Periods of its Deferral period, and a periodic rate finance charge on the unpaid balance of the Same-as-Cash Purchase for the Current Billing Period, will be charged to your Account. A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase remains unpaid. On the front side of each Monthly Statement, the amount of the periodic rate finance charge for each Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will no longer be reported on your Monthly Statement.

C. **Other Purchase Advances.** Purchase Advances (including Promotional items, but excluding Same-as-Cash Purchases) and return check charges and documentation charges first posted to your Account during the Current Billing Period incur a periodic rate finance charge from the date they are posted to your Account until paid in full, unless (i) the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full on or before the Payment Due Date shown thereon, and (ii) the New Balance (after subtracting all Deferrals) shown on your Current Monthly Statement is paid in full on or before the Payment Due Date shown thereon. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charge will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period; the amount of such Finance Charge (exclusive of Finance Charges on Promotional items) will appear on your immediately-following Monthly Statement, and will show the dollar amount of the Current Billing Period Purchase Advance Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").

**Transaction Information Continued**

Transaction Date	Posting Date	Reference Number	Purchases, Cash Advances, Payments, Credits and Adjustments since last statement	Amount

**Interest Charge Calculation**

Your Annual Percentage Rate (APR) is the annual interest rate on your account

Current Billing Period Type of Balance	Annual Percentage Rate (APR)	Balance Subject to Interest Rate	Interest Charge
Purchases	0.00	0.00	0.00
Cash Advances	0.00	0.00	0.00
Previous Billing Period Type of Balance	Annual Percentage Rate (APR)	Balance Subject to Interest Rate	Interest Charge
Purchases	0.00	0.00	0.00

(v) = Variable Rate

Periodic rates and APRs may vary. See your Cardmember Agreement for an explanation. There is a 25-day grace period for Purchases but not for Cash Advances. You can avoid additional finance charges on Purchases if you pay the...New Balance within 25 days of the Statement Closing Date (which may not be the same as the Payment Due Date). See reverse side for important information and disclosures and, if an Annual Fee was posted above, regarding renewals.
