# Let's talk

Here is a link to the CCHS Local Scholarship page:  
<https://sites.google.com/canoncityschools.org/cchsllocalscholarships>

If you know seniors who plan to continue their education (college, trade school, certificate programs, etc. there are scholarships for everyone), please encourage them to apply! A personal invitation from someone who knows them well goes a long way in making them feel like they have a shot. There are scholarships that zero or one student applies for each year so they really do have a chance if they're willing to put a little time into filling out the application.

Thank you for helping out our Class of 2022!

## CAREER AND TECH ED.

## Business/FBLA Highlight Announcement

Future Business Leaders of America is a nationally recognized, student-led organization that empowers students to pursue leadership. Students can compete in over 70 events, in many different areas including business, technology, law, and public speaking. Students will participate in the district level conference to earn the opportunity to compete at state, and national level conferences. FBLA expands resumes, builds communities, and broadens horizons.

These opportunities allow students to gain experience working together and help them to strive to accomplish team as well as individual goals. FBLA focuses on community service, academic excellence, and instilling a competitive edge in an ever changing global market.

This past month the CCHS chapter of FBLA competed at the District Leadership Conference. Many members discovered their hard work paid off and earned a place to compete at the State Leadership Conference. The following students will be representing Cañon City at the State Leadership Conference in Denver, April 18th - 20th.

Sharlie Bolton, 2nd Place - Job Interview

Regan Deist, State Event - Community Service Project

Morgin Ellis, 1st Place - Intro to Business Presentation

Atalia Fisher, 3rd Place - Impromptu Speaking

Hunter Green, 3rd Place - Word Processing

Chloe Martin, 2nd Place - Computer & Video Game Simulation

Seth Murphy, 3rd Place - Spreadsheet Applications

David Repar, 1st Place - Digital Video Production

Isaac Smallwood, 4th Place - Supply Chain Management

Brooke Watley, 2nd Place - Public Speaking
