## Cañon City High School

## PRINCIPAL'S MESSAGE

Tiger Family,

It's been an exciting time! Over the last three months, the Tiger staff has been part of the new wing design team. Wold Architects have included us as they decide everything from the floorplan to the electrical requirements to the interior finishes, including a new color scheme. Our staff cannot be more impressed with how well the process is going and are looking forward to the groundbreaking scheduled for the summer.

Next year will have its challenges. Conducting a school year when major construction surrounds the school is always fun. Our staff has come together to ensure that we are covering the critical basics. Security, safety, and a lack of disruption are all on our radar. We plan to share all updates and requests with you as they come up.

We should have some architectural renderings that can be made public in early May. We're looking forward to sharing the design with you!

Can you believe that the Class of 2024 is only forty-some days away? We are already planning for their senior week and graduation. Please get in touch with Ms. O'Rourke, the senior class counselor, with questions. [julie.orourke@canoncitieschools.org](mailto:julie.orourke@canoncitieschools.org)

Have a happy spring!

Bill Summers

Principal, Cañon City High School

# CTE NEWS FLASH!

## WHY CTE?

Career and Technical Education provides students with hands-on opportunities to learn real career skills. Mr. House's A+ Computer Repair class installed operating systems, set up a network, and shared printers and files across their network. Students have the opportunity to earn industry-standard certifications such as A+ CompTIA to help students become employable in high-need, high-paying careers. Talk to your counselor today to sign-up for a CTE course for next school year!
